Ing. Miroslav Lakomý

Soběšovice 196, 739 38 Soběšovice, Czech Republic

comply to the applicable essential requirements of the Directive 93/42/EEC, as amended.

Referring to the intended use, the ITC Products Certification Body has conducted with successful results the type-examination of the certified product according to the relevant parts of the above mentioned Directive and appropriate harmonized European standards.

The detailed product description, documents, assessment procedures and evaluations of the examination are presented in the Final Report No. 313600198/2009, which is enclosed to this certificate.

This Certificate is issued under the following conditions:

- 1. It applies only to the above referenced models of the medical devices.*
- 2. It does not imply that the ITC has performed any surveillance or control of their manufacture.*
- 3. The manufacturer is obligated to assure that all medical devices of the respective models conform to the type approved by this Certificate.*
- 4. The Certificate remains valid until the manufacturing conditions, the quality system or relevant legislation are changed but until the **31st December 2012** at the latest.*
- 5. After fulfilling of the relevant EU legislation requirements, the manufacturer shall affix to each medical device, of the above referenced models, the CE-marking according to this example:*

Issued in Zlín, on 1st December 2009
